Hi Cheryl, Thank you for accepting my friends request, Im busy until next week, but I would like to chat with you about ward 4 and your ideas for the next four years.

I started a project to investigate the municipal taxation as applied to the Mohawk Peoples, I have the information hosted on the project website.

I would appreciate any time you can give to perusing the material and I would like to then meet with you, over the phone or at a coffee shop.

**Nia:wen,
